NEWS UPDATES:

A NEW ERA AT DNREC! - A new era of public safety and security will dawn February 1, 2011, at the Richardson-Robbins (R & R) Building of DNREC. On that day, the R & R Building will finally join the ranks of secure State offices when the new security measures become fully operational. These security protocols are very similar to those already in place in many other state and local government buildings. As of February 1, 2011, all visitors and vendors will need to register at the new Visitors Desk near the main entrance from Kings Highway or through the courtyard. Signs have been posted in the building at those locations where access will change. In the coming weeks, OMB Facilities Management will be posting additional signs around the exterior of the building to guide visitors and vendors. Public access to the R & R Building will be exclusively through the new visitor reception center. Signs will be posted at the rear of the building to direct visitors through the courtyard area and into the visitor reception center for visitors using the R & R parking lot. Upon arrival, visitors will be asked to provide a picture ID card, sign a log, and identify either the office or the individual they are seeking to visit. A visitor's badge will be issued, and the office or individual will be notified to come meet their visitor at the reception center. The new access protocol will require that all visitors be escorted by a Department employee while they are within the secure areas of the R & R Building.

RECYCLE YOUR CHRISTMAS TREE AT A YARD WASTE DROP-OFF SITE OR AT A DELAWARE STATE PARK - Delawareans are encouraged to get in the recycling spirit this holiday season by delivering their Christmas trees to a yard waste drop-off site in New Castle County or to a state park in Kent or Sussex County. Trees, free of ornaments, wire and tinsel, can be dropped off at any of five locations statewide from Sunday, December 26 through Monday, January 27, 2011. All locations accept trees from families only – trees cannot come from commercial haulers or tree vendors. Artificial decorations, including hooks, wire, tinsel and ornaments, as well as wood and metal trees stands, must be removed. Signs, designating the location of the drop-off areas at each location, will be posted. To help defray costs, the state parks will accept donations of \$2. For additional information, please contact Gary Focht at (302) 382-4616 or visit:

http://www.dnrec.delaware.gov/News/Pages/DNREC_again_will_recycle_Christmas_trees.aspx

UPCOMING AIR, WASTE & WATER-RELATED HEARINGS, MEETINGS & EVENTS:

BROWNFIELDS ADVISORY COMMITTEE - SPECIAL MEETING – The Brownfields Advisory Committee will hold a special meeting to provide input to DNREC regarding brownfields-related issues and assist in amending HSCA and the Delaware Regulations Governing Hazardous Substance Cleanup, as appropriate. The meeting will be held on January 6, 2011 from 9:00am – 12:30pm at the DNREC Lukens Drive Field Office, 391 Lukens Drive, New Castle -197201. For additional information, please contact Christina Wirtz at (302) 395-2600 or visit:

<http://www.delaware.gov/eGov/Calendar.nsf/Meetings/8F8CD9953B508C94852577ED0074A474?open>

PUBLIC HEARING FOR BOY SCOUTS OF AMERICA PUBLIC WELL

APPLICATION - A Public Hearing to be held on January 6, 2011 for the Boy Scouts of America Permit Application for two well construction permits for public wells at 6 p.m. Thursday, January 6, 2011 at the Richardson & Robbins Building 89 Kings Highway, Dover. For additional information, please contact William Cocke at (302) 739-9950 or visit:

<http://www.delaware.gov/eGov/Calendar.nsf/Meetings/0AE20A97D18C56D9852577F006F547C?open>

SECRETARY'S ORDERS:

SECRETARY'S ORDER 2010-A-0041 – A Secretary's Order has been issued regarding the Delaware City Refining Company, LLC application for an air pollution control permit to construct and operate coke handling equipment at the Delaware City Refinery facility. For additional information, please visit:

<http://www.dnrec.delaware.gov/Info/Documents/Secretarys%20Order%20No.%202010-A-0041.pdf>

DOCUMENTS AVAILABLE FOR PUBLIC COMMENT OR APPEAL:

BROWNFIELDS DEVELOPMENT PROGRAM – The Division's Brownfields Development Program encourages the cleanup and redevelopment of vacant, abandoned or underutilized properties which may be contaminated. A party seeking to develop such a property negotiates with the Division's Site Investigation and Restoration Branch (SIRB) for a Brownfields Development Agreement (BDA) or a Brownfields Voluntary Cleanup Program (VCP) Agreement to perform an investigation and, if necessary, a remedial action or remedy, for the purpose of addressing the risks posed by past releases of hazardous substances at these sites. For site-specific information on the following sites, please see SIRB's superfund site files database at: <http://docs.dnrec.delaware.gov/sirbsitefiles.cfm>.

NOTIFICATION OF NEGOTIATIONS FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR THE RIVERSIDE DEVELOPMENT SITE (DE-1498) – The

Site Investigation and Restoration Branch (SIRB) is negotiating a Brownfields Development Agreement (BDA) with the Wilmington Housing Authority for the Riverside Redevelopment Site located at 2300 Bowers Street in Wilmington. Known by New Castle County as tax parcel numbers 26-037.00-001 and 26-037.00-019, the approximately 12 acre Site may have had releases of hazardous substances as a result of past commercial use and contaminated with historic fill and/or asbestos. For additional information, please contact Kristen Thornton at (302) 395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=925&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx>

NOTIFICATION OF NEGOTIATIONS FOR A BROWNFIELDS DEVELOPMENT AGREEMENT FOR M&N PROPERTY SITE (DE-1496) – The Site Investigation

and Restoration Branch (SIRB) is negotiating a Brownfields Development Agreement (BDA) with Riverfront Development Corporation for the M&N Property Site located at 516 South Market Street in Wilmington. Known by New Castle County as tax parcel number 26-050.00-064, the 1.24 acre Site may contain hazardous substances as a result of the historic use of fill materials and from past operations on surrounding properties, one which is a certified Brownfields Site, Howard Street Commercial Site (DE 1401). For additional information, please contact John Cargill at (302) 395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=924&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx>

FINAL PLAN OF REMEDIAL ACTION FOR THE CHRYSLER NEWARK ASSEMBLY PLANT SITE (OU-5) (DE-0105)

- The Site Investigation and Restoration Branch (SIRB) has adopted a plan regarding the clean-up of Operable Unit 5 of the Chrysler Newark Assembly Plant Site located in Newark. The Site is owned by 1743 Holdings, LLC, a wholly owned subsidiary of the University of Delaware. From the 1950s until 2008, the Site was the location of a car assembly plant. The Site is being redeveloped as the future location of the University of Delaware's Science and Technology Campus. The Final Plan requires the removal of contaminated soil in the identified "hot spot" areas to prevent human exposure, an environmental covenant be placed on the property deed prohibiting intrusive activity in capped areas without prior written DNREC approval and also restricting property use atop capped areas, and the development and implementation of a DNREC-approved Operations and Maintenance Plan to ensure the continued integrity of the cap. The public may appeal this final plan until January 4, 2011. For additional information, please contact Lindsay Hall, Wendy March or Robert Newsome at (302) 395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=937&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx>

FINAL PLAN OF REMEDIAL ACTION FOR THE MILLSBORO DUMP SITE (DE-1056)

- The Site Investigation and Restoration Branch (SIRB) has adopted a plan to clean up the Millsboro Dump Site at East State Street in Millsboro. The 3 acre Site is an open grassy field covered with approximately one foot of soil cover. The site soil was contaminated with debris related to the historic landfill operation. An interim action was performed that removed the debris from one side of the landfill. The area was backfilled and a layer of soil and grass seed was placed on top. The Final Plan requires the placement of a Groundwater Management Zone (GMZ), placement of an Environmental Covenant and a Long Term Stewardship Plan with annual inspections of the cap with a goal of maintaining the cap and eliminating the risk to the residual debris located below the cap. The public may appeal this final plan until January 4, 2011. For additional information, please contact Morgan Price or Robert Newsome at (302)395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=936&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx>

FINAL PLAN OF REMEDIAL ACTION FOR THE DELAWARE AIR NATIONAL GUARD SITE (DE-1003)

- The Site Investigation and Restoration Branch (SIRB) has adopted a plan to clean up contamination at the Delaware Air National Guard Site located at New Castle Airport. The 57 acre Site is a military base that is home to the Air National Guard 166th Airlift Group. The site soil and groundwater are contaminated with substances related to long-term maintenance of aircraft at the site. The public may appeal this final plan until January 8, 2011. For additional information, please contact Stephanie Scholl or Robert Newsome at (302) 395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=941&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx>

FINAL PLAN OF REMEDIAL ACTION FOR THE SEABOARD LUMBER SITE (DE-0251)

- The Site Investigation and Restoration Branch (SIRB) has adopted a plan to clean up the Seaboard Lumber Site on Route 18 near Bridgeville. The four acre Site is a former wood treatment facility. Surface and subsurface soil and ground water at the site are contaminated with creosote. The Final Plan requires cleanup of the site with the goal of making it suitable for residential use. The final remedy for the contamination includes in situ surfactant enhanced chemical oxidation, soil mixing and bioremediation. The public may appeal this final plan until January 8, 2011. For additional information, please contact Stephen F. Johnson or Robert Newsome at (302)395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=940&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx>

NOTIFICATION OF NEGOTIATIONS CONCERNING A VOLUNTARY CLEANUP PROGRAM AGREEMENT FOR THE BOYD'S CORNER FARM SITE (DE-1499)

– The Site Investigation and Restoration Branch (SIRB) is currently negotiating a Voluntary Cleanup Program (VCP) Agreement with Boyd's Corner, L.L.C. regarding the Boyd's Corner Farm Site (Site). The 12.10 acre Site is located at 5415 Proust Place in Middletown and is known as tax parcel numbers 13-013.32-201. For additional information, please contact Kate Durant at (302) 395-2600 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=942&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx>

AIR QUALITY PERMITTING PROGRAM – Notice has been given that the facilities listed below have submitted applications for air quality management permits. The applications, the "draft/proposed" permits, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the "draft/proposed" permit may be inspected at the offices of the Division of Air Quality, 655 S. Bay Road, Dover and 715 Grantham Lane, New Castle. To submit comments, for additional information or for an appointment to inspect the application, please contact Joanna Austin at the Dover Office at (302) 739-9402.

TITLE V PERMIT RENEWAL APPLICATIONS - Notice is hereby given that Rohm and Haas Electronic Materials CMP, Inc., having a facility at 451 Bellevue Road, Newark, Delaware, has submitted a request for permit renewal pursuant to 7 DE Admin. Code 1130, Section 7 for operating permit: AQM-003/00033. A public hearing concerning the permitting action will not be held unless the Secretary of DNREC receives a request for such hearing within by January 12, 2011. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=934&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx>

7 DE ADMIN. CODE 1102 NATURAL MINOR PERMIT APPLICATIONS - Notice has been given that the following companies have filed applications:

Delaware City Refining Company (DCRC) has filed an application to modify the fluid catalytic cracking unit (FCCU) at the Delaware City Refinery as part of the maintenance, repair and replacement program identified by DCRC as necessary maintenance and repair activities prior to restarting the refinery. These modifications include the repair and replacement of the existing cyclones in the FCCU reactor and regenerator with new cyclones that are expected to achieve greater efficiency in reducing catalyst losses, installation of a new refractory choke to reduce the catalyst inventory in the regenerator, and replacement of the existing air distribution rings with a new air distribution grid system. DCRC's application indicates there will be no change in emissions from existing permit limits and consequently, DCRC is not seeking any change in the existing permit limits which are as follows: NOx: 719.5 TPY, SO₂: 352 TPY, CO 3,085 TPY, VOC: 41.4 TPY and TSP: 203 TPY. Permit #: APC-82/0981-C-A9 (NSPS). A public hearing concerning the above application will not be held unless the Secretary DNREC receives a request for such a hearing by January 3, 2011. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=943&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx>

Donovan Salvage Works, Inc., requests a permit amendment to combust propane instead of natural gas in the Secondary Aluminum Sweat furnace at their 20262 Donovan Road, Georgetown facility. The propane-fired Secondary Aluminum Sweat furnace has the potential to emit (PTE) 3.11 TPY of NOx; 1.80 TPY of CO; 0.35 TPY of SOx; 0.18 TPY of VOC; 7.18 TPY of PM10. By Permit# 2009/0060-CONSTRUCTION/OPERATION-Amendment 1 (MACT), actual emissions will not exceed 1.11 TPY of NOx; 0.64 TPY of CO; 0.12 TPY of SOx; 0.06 TPY of VOC; 2.56 TPY of PM10.

Magellan Terminals Holdings, L.P., requests a permit to replace two (2) marine tank vessel loading arms at their Christina Avenue, Wilmington facility. The two (2) loading arms have the potential to emit (PTE) 0.01 ton per year of volatile organic compounds (VOCs). By Permit#: 2007/0056-CONSTRUCTION (Amendment 2) actual emissions will not exceed 0.01 tons per year of VOCs.

A public hearing on the two above applications will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application by January 3, 2011. For additional information, please visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=939&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx>

FEDERALLY ENFORCEABLE 7 DE ADMIN. CODE 1102 APPLICATIONS -

Notice is hereby given that the following companies have applied for applications:

Mountaire Farms of Delaware, Inc. having a facility at 29106 John J. Williams Hwy, Millsboro, has requested a federally enforceable 7 DE Admin. Code 1102 construction permit for a central vacuum system. Particulate matter (PM) emissions based on draft/proposed permit APC-2011/0059-CONSTRUCTION (FE) will be 0.000082 TPY. Upon completion of construction, the Department will incorporate the operating conditions and limits of the 7 DE Admin. Code 1102 Construction permit into the facility's existing Title V permit AQM-005/00004 (Renewal 2) via an Administrative Amendment. A public hearing on the above application will NOT be held unless the Secretary of DNREC receives a request for a hearing by January 4, 2011. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=927&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx>

DuPont Chestnut Run Plaza of E. I. DuPont de Nemours & Co., Inc. having a facility at 4417 Lancaster Pike, Wilmington has requested a federally enforceable 7 DE Admin. Code 1102 construction permit for burner modification of Boiler C-4 to operate on natural gas as a primary fuel and No. 2 fuel oil as a secondary back-up. The permit will reduce emissions to 10.94 TPY of SOx, 17.1 TPY of NOx, 34.6 TPY of CO, 3.9 TPY of TSP, & 2.3 TPY of VOCs based on twelve month rolling period. Upon completion of construction, the Department will incorporate the operating conditions and limits of the 7 DE Admin. Code 1102 Construction permit into the facility's existing Title V permit AQM-003/00126(Renewal 2) via an Administrative Amendment. A public hearing on the above application will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding the above application by January 18, 2011. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=938&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx>

TITLE V MODIFICATION APPLICATIONS - Notice is hereby given that Croda, Inc. having a facility at 315 Cherry Lane, New Castle, has submitted a request for

a significant permit modification pursuant to 7 DE Admin. Code 1130, Section 7 for operating permit: AQM-003/00058-Renewal (R2). The "draft/proposed" permit renewal is being submitted to EPA for concurrent processing. If there are no significant comments, the "draft/proposed" permit renewal will be issued as a final permit after expiration of the EPA review period. A public hearing concerning the permitting action will not be held unless the Secretary of DNREC receives a request for such hearing by December 28, 2010. For additional information, please visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=923&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx>

WATER PERMITTING PROGRAM - The Division of Water monitors, manages and protects Delaware's ground and surface waters, tidal wetlands and underwater lands. The Division is a link to the Delaware Estuary Program, Inland Bays Estuary Program and the Delaware River Basin Commission, and provides centralized computer and geographic information system services. The Division also provides public education and outreach programs.

WELL PERMITS –

Summit Aviation needs to construct two public wells. The wells are proposed to be 65 feet deep and 4 inches in diameter. These wells are located approximately 300 feet west of Cr 896 and north of Churchtown Road. The wells are about 3 miles north of Middletown. The desired combined capacity of these wells is 150 gpm.

Leroy and Stanley Smith needs to construct one irrigation well. The well is proposed to be 90 feet deep and 8 inches in diameter. This well is located approximately 1500' south of Trussum Pond Road and east of Cr 68. The parcel is 60 acres. The well is about 4 miles south east of Laurel. The desired capacity of this well is 700 gallons per minute. A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by December 27, 2010. For additional information, please contact Patty Murray at (302) 739-9945 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=933&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx>

Carmel Collins needs to construct one irrigation well. The well is proposed to be 90 feet deep and 8 inches in diameter. This well is located approximately 200' south of Cypress Road and east of Rt 54. The parcel is 140 acres. The well is about 5 miles south west of Millsboro. The desired capacity of this well is 600 gallons per minute.

Clifton Parker needs to construct one irrigation well. The well is proposed to be 120 feet deep and 10 inches in diameter. This well is to be located approximately 1900' north of Cypress Road and west of Parker Road. The parcel is 335 acres. The well is about 2 miles northwest of Selbyville. The desired capacity of this well is 800 gallons per minute.

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by January 3, 2011. For additional information, please contact Patty Murray at (302) 739-9945 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=944&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx>

WATER ALLOCATION PERMITS

Tidewater Utilities Inc. has requested a public water allocation for the Bethany Bay/Ocean View District which serves a population of approximately 16,000 in the Town of Ocean View and the developments of Bethany Bay, Bay Forest, Bear Trap Dunes, Denton Woods, Cottages on Whites Creek, Bay Colony, Ocean Farms, Sea Colony, Millville Town Center, Rogers Haven, and Seagrass Plantation, extending from the Indian River Bay to Miller Creek, and from Pepper Creek Road on the west to Sea Colony on the East. The rate requested is 5,045,000 gallons per day (GPD) maximum, 114,838,000 gallons per month and 530,133,000 gallons per year.

Brandon Bonk has requested an irrigation water allocation for his farming operations. The first well is located on Rt 9 east of Dover and the second well is located on Ponderosa road north east of Magnolia. The requested rate is for 1,296,000 gallons per day.

The City of Rehoboth Beach has requested a public water allocation for their service area which includes a population of approximately 6,100 in the city limits of Rehoboth Beach and Dewey Beach, as well as the developments of Bella Vista, Canal Corkran, Canal Landing, Captiva, Cottages by the Sea, Eagles Landing, Edgewater Park, ForJ Lofts, Oyster Bay Villas, Oyster House Villas, Park Place, Rehoboth Crossing, Rehoboth Grande, Sanibel, Stonewood Chase, The Palms, The Tides, and Washington Place, along Route 1 between the Dewey Beach and Route 24, extending from Warrington Road to the coast. The rate requested is 556,000 gallons per day (GPD) maximum, 11,947,000 gallons per month and 100,046,000 gallons per year.

Tidewater Utilities Inc. has requested a public water allocation for the East District which serves a population of 1,579 in the developments of Asbury Chase, Baymount Farms, Silver Maple Farms, Shannon Cove, Boyds Corner, Maplevue, Misty Vale, Saddle Ridge, Sugar Loaf Farms, and Vandergrift Manor, along routes 1 and 13, between the Drawyers Creek and Red Fox Lane, extending from Shallcross Lake Road to Colchester Drive. The rate requested is 556,000 gallons per day (GPD) maximum, 11,947,000 gallons per month and 100,046,000 gallons per year.

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by December 27, 2010. For additional information, please contact Patty Murray at (302) 739-9945 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=933&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx>

Thomas Family Farms LLC has requested an irrigation water allocation for his farming operations. The wells are located on Jebb and Westville roads and the surface waters are Sandy Bend road east of Marydel. The requested rate is for 1,944,000 gallons per day from the wells and 5,904,000 from the surface waters.

The Boy Scouts of America submitted an application on October 20, 2010 for two public wells for a new office building and campsite on Webbs Lane and New Burton roads about 1 mile north of Camden. The wells are proposed to be 380 feet deep and 4 inches in diameter. The combined desired capacity of these wells is 60 gallons per minute and 20,000 gallons per day.

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by January 3, 2011. For additional information, please contact Patty Murray at (302) 739-9945 or visit:

<http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=944&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAllItems%2Easpx>

SUBAQUEOUS LANDS PERMIT APPLICATIONS –

Gerald Parsons-To install 500 linear feet of stone riprap in Blackbird Creek at 556 Union Church Road, Townsend.

Robert Winterbottom-To construct a 4 by 25 foot pier and a 6 by 8 foot dock in the Big Assawoman Bay at 38837 Taft Avenue, Selbyville.

Bryce Bunce-To install 75 linear feet of stone rip-rap and a 5 by 16 foot dock in Lake Como at 103 Lake Drive, Smyrna.

Town of Laurel-To install 22 linear feet of 8 inch diameter water main by directional bore, to replace an existing road crossing with two 40 foot long, 48 inch diameter culvert pipes, and to install 2 drainage pipes and 122 square feet of stone riprap in the Rossakatum Branch at Willow Street in Laurel.

Rosenthal Tidewaters Family, LLC-To construct 50 linear feet of stone rip-rap, a 4 by 20 foot pier, and a 5 by 30 foot dock in the Lewes and Rehoboth Canal at 45 Tidewaters, Henlopen Acres, Rehoboth Beach.

Deerfield Farms, Inc.-To replace a 5 by 45 foot pier and a 6 by 30 foot dock, and to install 300 linear feet of coir logs and plant 1800 square feet of wetland vegetation in Love Creek at the end and east side of Webbs Lane, Lewes.

James Friedel-To remove an existing structure, construct a 4 by 28 foot pier and a 6 by 30 foot dock, and install a 4 piling boat lift, a 2 piling personal watercraft floating platform, and 71 linear feet of stone rip-rap in the Nanticoke River at 9044 Riverside Drive, Seaford.

Micheal Harasyn-To install 2 guide piling to assist in vessel docking in Pepper Creek at the lot adjacent to 613 Cherry Drive, Holly Cove, Dagsboro.

Sunoco Marcus Hook Refinery-To modify an existing permit to dredge 10,500 cubic yards of sediment from the Delaware River annually, by authorizing both bucket and hydraulic dredging with disposal at Biles Island Confined Disposal Facility (CDF) or Fort Mifflin in Pennsylvania, or the Army Corps' Pedricktown CDF in New Jersey, (Oldmans, North or South).

WETLAND AND SUBAQUEOUS LANDS APPLICATIONS

Bay Forest Club, LLC-To construct a 36 foot wide by 195 foot long bridge crossing 96 feet of State-regulated wetlands and 21 feet of Collins Creek, and to restore 0.17 acres of wetlands adjacent to Collins Creek, east of Whites Creek Road and Bay Forest Drive.

Bethany Woods LLC-To construct a 3 by 30 foot wetland walkway over State-regulated wetlands, and a 4 by 30 foot crabbing pier in the Salt Pond at Lot #19, Bethany Woods, Bethany Beach.

A public hearing on the above applications will NOT be held unless the Secretary of DNREC determines that a hearing is in the public interest or if a written meritorious objection to the application is received by December 28, 2010. For additional information, please contact Gayle Calder at (302) 739-9943 or visit:

DISTRIBUTION AND MARKETING PERMIT RENEWAL – BLESSING

GREENHOUSES - Blessing Greenhouses currently has a permit for the distribution and marketing of a Class A compost product. The facility is located north west of the intersection of Draper Road and Thirteen Curves Road approximately 5 miles north east of Milton. Blessing Greenhouses requests that the existing permit for the production of their composted biosolids product be renewed under the Department's Guidance and Regulations Governing the Land Treatment of Wastes, Part III, B., Regulations Governing the Land Treatment of Sludges and Sludge Products which allows for such activity pending public notice. Upon renewal of the Distribution and Marketing Permit, the Permit number will be changed from DM 0014/06 to DM 1102-S-03. A public hearing on the above application will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest December 30, 2010. For additional information, please contact Brian Churchill at (302) 739-9946 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=935&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx>

AGRICULTURAL UTILIZATION PERMIT RENEWAL – SYNAGRO CENTRAL,

LLC. - Synagro Central, LLC has requested renewal of their existing agricultural utilization permit, State Permit Number AGU 0024/94C. The current permit authorizes Synagro Central, LLC to land apply biosolids stabilized by Vlastic Foods, Inc. (Division of Pinnacle Foods, Corporation) onto approved farmland owned by Baxter Farms, Inc. The land application sites known as fields 5 and 7 are located approximately 2.5 miles south east of Georgetown, Delaware and total approximately 310 acres. The biosolids will be delivered to the site in accordance with Delaware Waste Transporters Permit No. OH 254 where it will be land applied at agronomic rates. A public hearing on the above application will NOT be held unless the Secretary of DNREC determines that a public hearing is in the public interest or if a written meritorious objection to the application is received by 4:30 p.m. December 30, 2010. For additional information, please contact Brian Churchill at (302) 739-9946 or visit: <http://www.dnrec.delaware.gov/Lists/Public%20Notices/DispForm.aspx?ID=932&Source=http%3A%2F%2Fwww%2Ednrec%2Edelaware%2Egov%2FLists%2FPublic%2520Notices%2FAIItems%2Easpx>
